2.599,00 € (Incl. VAT, ad. delivery)

Dimension: B=6,0, H=228,0, T=53,0 cm. weight: 20.00 kg

COLOR CHART

- Bordeaux-red
- matt stainless steel
- Nero-black
- Silverstone-anthracite
- Toskana-brown

The basic module contains the shower arch, a chrome-plated effervescent plate of 20 cm, a valve for the cold water supply with the appropriate rotary handle, as well as a connection for an additional faucet and the base plate. Since the shower can be connected to the surface or underground, a ground-close connection and a connection set are also included. On delivery, the above-ground connection is provided with a blind plug. Depending on the need, this can be removed according to the sketch to allow the water connection.

If no additional faucet is desired, the connection is provided with a blind plug to allow a later installation.

Please note that no faucet is included. This must be ordered as desired.

In addition, if an underground water supply is desired, we recommend an earth base. Please refer to the installation instructions on the sketch.

On our website you will also find many more effervescent plates in different sizes, shapes and colours.

Further special adjustments are possible on request.

Experience luxurious outdoor showers with our high-quality stainless steel outdoor shower. Perfect for gardens, terraces, or pool areas. Durable materials, long-lasting craftsmanship, and modern design make it the ideal choice for your outdoor experience. Enjoy the fresh breeze with every shower – whether on hot summer days or cool evenings. Our stainless steel outdoor showers are weather-resistant and easy to maintain, offering maximum comfort and style for your outdoor areas. Thanks to the integrated hand shower, the shower experience becomes even more flexible and comfortable – ideal for targeted rinsing or a refreshing cool down in between.
